

Product: Air Bag Isolation Tool

Pipe Schedule: All

Size Range: 6" - 36" (Larger & smaller sizes on request)

The IK ABiS isolation system has been designed for isolation purposes when welding on hydrocarbon systems.

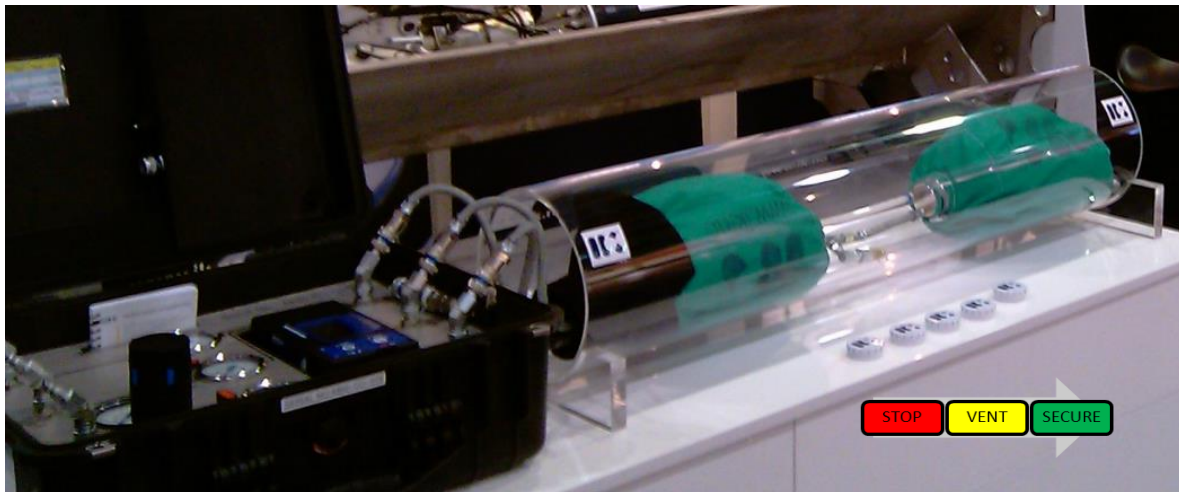

It incorporates the functions of a double block & bleed barrier (DB&B) whilst constantly purging and monitoring the inert gas between 2 barriers.

General Function and Application

- Double block & bleed function
- Entering small pipes and seals in larger pipes
- Goes through bends and reducers
- Heat treatment up to 600°C on pipe while DB&B
- Provides a safe working environment with integrated gas alarm

AVAILABLE FOR HIRE

IK have a range of
Air Bag Isolation Systems available for hire
